### The Amazing Minaret

Fully Described by Olivette

Tunics, lamp-shade draperles and minaret skirts seem to be the order of the day in skirtdom.

The tunic skirt is the chief feature of this gown of bois de rese satin, the tunic is of Homan striped satin, in rose, curbeau blue, taupe and white. I would most earnestly advise all but the very tall, slender woman to have the tunic of the same rose satin that makes the gown.

The line of stripes running around the figure will do much to increase and accentuate its size.

The tunic, which may be edged with marten or mink, is rather long on the left hip, where it lengthens at the back until it disappears under the long sush ends of the same colored.

This is always a pretty finish for any soft material.

## A STURMY SESSION

The Negro Representation in House of Bishops Subject of Debate

New York, Oct. 22.—The nine year old question of negro representation in the house of bishops is the com-manding topic of legislation dealt with this afternoon by the general convention of the Protestant Enisconal church The outlook was for a stormy meeting of an hour's duration in the lower house, and for an unlimited debate in the house of bishops.

the house of bishops.

Both houses must concur in legislation before the present status of negro communicants can be changed. At present the negro membership is under the direction of white diocesan bishops. A minority of the deputies committee on racial episcopate would place this entire membership under the direction of a single negro bishop and give to this bishop a seat and a vote in the house. Cryptic Handling Caused Error.

Cryptic Handling Caused Error.
The cryptic handling of a southern bishop caused an error in the apcouncement of the election of the bishop of Spokane last Monday which was not discovered until today. The announcement made then was that the office had been filled by the selection of the Rev. Dr. W. B. Capers, of Columbia. Tenn. Examination today of the original draft of the resolution adopted showed that the new bishop of Spokane is the Rev. Dr. W. T. Capers, rector of the church of the Holy Apostles of Philadelphia, a brother of W. B. Capers.

Dealt With Divorce Question. The divorce question came up in the general convention of the Protestant Episcopal church, the house of deputies by resolution deciding to cooperate with the "international committee on mar-riage and divorce" in arranging for an international congress to deal with the subject. The congress is to be held in May, 1916, at the Panama exposition, in San Francisco, for the purpose, in the language of the resolution, of awakening the conscience of the American people towards the creat evil of can people towards the great evil of

divorce and remarriage."

Adopted Resolution on Schools.

A resolution introduced several days ago by the Rev. Dr. Freeman, deputy from Minnesota, intended to further religious training in the public schools, was adopted. The resolution instructs the general loand of religious education to "effect, if possible, through cooperation with other religious bodies, a system of instruction commensurate with the needs of our youth." together with forms and exercises calculated to promote patrictiem and the "highest sense of personal integrity and purity of life."

Ampreciation From Jewish Union. Approximation from Jewish than.

It was announced that the house of deputies received a letter from the Rev. Dr. Pereira Mendes, president of the union of orthodox Jewish congregations, expressing that body's "deep appreciation of the action of the deputies in denouncing the charges of ritualistic murder negligible lower in Preside". Dein denouncing the action of the deputies in denouncing the charges of ritualistic murder against Jews in Russia." Dr. Mendes's letter said: "Permit us to add that the change in the collect also is keenly appreciated."

The reference to the

the change for the Good Friday service in the Projectant Episcopai church. The committee on the prayer book

eported favorably on the proposal that all Jews, Turks, heretics and in-idels" be made to read "all those who know Thee not, truth gospel of Thy Son." The house voted favorably on this change

It was announced that the house of bishops had voted adversely upon the proposal to give a vote in the house of

DR. DOUGLAS SAYS REVISE LAND LAWS

Philadelphia, Pa., Oct. 22.—The time lias come for a revision of the land laws to bring them up to date, according to Dr. James Douglas, of New York, whose paper on public land laws was read at today's session of the American Miners' congress. Dr. Douglas asserted that, while the land laws were liberal. it was only under such laws that the country could have developed.

Dr. Geo. Otis Smith, director of the United States geological survey, Washington held that the first essential of Sumerlor mining land legislation should be that Tonoyah no provisions in the law should place any unnecessary charge burden on the operator. He favored a leasing law, rather than the present method of selling government coal lands at an appraised valuation. Any scheme of selling unde veloped resources involves uncertainties in values, he added. Leasing, holds Dr. Smith has the advantage over perma-nent alienation, that it allows the goverument to exercise continued control of the public interest.

#### DRY FARMING SHO W COVERS 120 ACRES

Nationnis of the World Join Principal Western States in International

Congress at Tulsa, Okla.

Tolsa, Okla., Oct. 22—With exhibitions by the United States government, all of the agricultural states of the mion and more than a score of foreign ountries, the International Dry Farm-ng congress opened here today. The ing congress opened here today. The Chinese exhibit was transported for more than 15,000 miles by Chinese farmers and is one of the principal subjects of interest. The exhibition rounds cover more than 120 arecs.

There are thousands of visitors in Pulsa today, and arrangements have

Seven of the great bulldings composing the congress, have a total floor capacity of more than 100,000 square feet. They are arranged in the form capacity of more than 100,900 square feet. They are arranged in the form of a parallelogram, in the center of which is a park. At one end is the Okiahoma kaffir corn palace. Two buildings, each 60 by 200 feet, are occupied by the agricultural exhibits of various western states. Another building is given up to Canada, one to the United States government and another to foreign nations, among which are Brazil. Russia, Colombia, Italy, Chile, Nicaragua, Venezuela, Belgium, Argentine Republic Mexico, Turkestan, Roumania, Hungary, China and France.

The Chinese exhibit consists largely of cotton, corn, kaffir corn, mlo malze, millet, kaoliang, wheat, rye and barley. The United States government spent \$20,000 to prepare its exhibit.

One of the special features of the exposition is the Wquan's building in charge of the International Congress of Farm Women. On exhibition in the building are a model, kitchen, labor

saving devices and general exhibits of the work of farm women. COLORADO MOTHERS MEET

IMPRISONED MINERS AT ROCKDALE FOUND ALIVE

ROCKDALE FOUND ALIVE
Rockdale. Texaz. Oct. 2. Seven
Mexican miners, imprisoned since last
Thursday in the Vogel and Lawrence
lignite workings here were found
alive when rescuers gained the mine
interior by drilling a 99 foot shaft.
The men were imprisoned by a cavein,
following a cloudburst which flooded
the mine. Two other men entombed in another part of the mine are believed to be dead. Pifty miners, all Mexicans, were in the workings when a creek overflowed, flooding the mine, but the others made their escapes before a cavein blocked the tunnel.
